Speak to the reps and try a Valtra for size.

Food & refreshments

Jolly Toper Tastings - Educate your taste buds and understand what makes each whisky such an individual.

(Please have a designated driver with you, the tasting will be equivalent to just over a measure and therefore render it illegal for you to drive.)

We are busily getting organised for the Open Day. We hope you will be able to join us on Tuesday 31st August. Sadly our young mechanic Ross won't be able to attend as he will be enjoying himself on a beech somewhere that week! The rest of the gang will of course be here as will Derek and Frances, so for those of you who don't know the new owners, you will be able to meet and find out more about them.

You will be invited to experience the Valtra tractors on display. All being well we will have Hi-Tec, Versu and Direct tractors in various horse powers, one with a loader and one with front linkage and various other options.

Jim Leslie of Vicon will be here with a variety of grass equipment. Ritchie and Watson will have feed & handling equipment on display and we will have some bale/silage handling equipment from Twose. Kilworth will have a sample of their groundcare equipment and if available a compact telescopic loader.

Marshall trailers, Reco and more will also be represented. Glen Farm Bespoke Buildings will have information available at the open day and if possible an example of their product.

Afton Glen meats are providing a mouth watering variety of burgers, including Buffalo, Pork, Venison and of course the old favourite Beef. Rolls will be supplied by Afton Bakery. Coffee/tea and soft drinks will also be available. The first roll and drink will be provided by ourselves, subsequent rolls and drinks will carry a nominal charge.

We will be having a free prize draw with prizes ranging from a bottle of Screen Wash or an Agri Hamper to a bottle of whisky or a Scottish Produce Hamper and many more.

The Jolly Toper will be joining us to enlighten, educate and provide an insight into the process that is whisky, from the raw materials at the Distillery to the finished product and the tasting. 'The Tasting' in its self is an education where you will learn to distinguish the different influences that give each whisky its unique character even though they may be produced by the same distillery. This is not a Dram this is a tasting experience and you will only be able to enjoy this experience once on the day. This is a chance to enable you to fully appreciate the time and expertise that goes into every glass of whisky you may have in the future, enjoy responsibly and perhaps bring a driver along.

We are being joined by a new member to the team shortly - Oscar, we hope you will find Oscar a positive addition. Oscar will be with Bill in the showroom and we're sure you'll get to know Oscar very quickly. Come to the open day where you will have the opportunity to meet Oscar for yourself.

Special offers on a number of items will be available at the open day including some machinery.

Come along, bring a friend and enjoy our hospitality
